

## Credit Control

### Do you have Bad Debtors?

If so and your terms and conditions are not up to date or properly enforceable, you could put your business at risk by not getting paid for your hard work.

DO make sure your payment terms with suppliers reflect your business needs.

DO check the credit rating of any potential trading partners to make sure they are stable and not a potential risk to your business.

### The service will provide:

An initial credit control healthcheck to review your terms of trading and payment terms with suppliers.

Advice on an outstanding debt matter.

Provision of legal documentation and letters to be used when pursuing the debt.

Advice on internal credit control procedures and how these can be improved to assist with your cash flow.

This Credit Control package is at a fixed fee of £295 + vat.
